

Quicken for Windows Conversion Instructions

Quicken for Windows 2013–2016

Web Connect

Introduction

As **People's Community Federal CU** completes its Online Banking system conversion, you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive. To complete these instructions, you will need your **User ID and Password** for the **People's Community Federal CU** Online Banking website.

It is important that you perform the following instructions exactly as described and in the order presented. If you do not, your service may stop functioning properly. This conversion should take 15–30 minutes.

Documentation and Procedures

Task 1: Conversion Preparation

1. Backup your data file. For instructions to back up your data file, choose **Help** menu > **Search**. Search for **Backing Up Your Data** and follow the instructions.
2. Download the latest Quicken Update. For instructions to download an update, choose **Help** menu > **Search**. Search for **Update Software** and follow the instructions.

Task 2: Deactivate Accounts at **People's Community Federal CU** on or after **June 21, 2016**

1. Choose **Tools** menu > **Account List**.
2. Click the **Edit** button of the account you want to deactivate.
3. In the **Account Details** dialog, click on the **Online Services** tab.
4. Click **Deactivate**. Follow the prompts to confirm the deactivation.
5. Click on the **General** tab.
6. Remove the financial institution name and account number. Click **OK** to close the window.
7. Repeat steps for each account you wish to deactivate.

Task 3: Reactivate Accounts at *People's Community Federal CU* on or after **June 21, 2016**

1. Download your Quicken Web Connect file from *PCCU Online Banking* by logging in at www.peoplescu.org, clicking on a specific account, clicking Export Transactions and then selecting the appropriate file format.

IMPORTANT: Take note of the date you last had a successful connection in your Quicken account. If you have overlapping dates in the Web Connect download, you may end up with duplicate transactions.

2. Click **File > File Import > Web Connect File**. Locate and select the Web Connect file to import.
3. **Import Downloaded Transactions** window opens: Select **Link to an existing account** and choose the matching account in the drop-down menu. Associate the imported transactions to the correct account listed in Quicken.

IMPORTANT: Do **NOT** select **Create a new account** unless you intend to add a new account to Quicken. If you are presented with accounts you do not want to track in this data file, select **Ignore – Don't Download into Quicken** or click the **Cancel** button.

4. Repeat steps for each account you wish to reactivate in Quicken.

Thank you for making these important changes!
