

Truth-In-Savings Disclosures

Except as specifically described, the following disclosures apply to all the accounts.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth inside. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the Dividend Rate and frequency of compounding for an annual period. For all dividend bearing accounts, the Dividend Rate may change periodically as determined by the Board of Directors.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield set forth inside are the prospective rates that the Credit Union anticipates paying for the dividend period.

3. Compounding and Crediting

For dividend bearing accounts, dividends will be compounded and credited as set forth inside. The Dividend Period begins on the first calendar day of the Dividend Period and ends on the last calendar day of the Dividend Period as set forth inside.

4. Accrual of Dividends

Dividends will begin to accrue on cash and non-cash deposits [e.g., checks] on the business day you make the deposit to your account. If you close your account prior to the dividend crediting, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account is set forth inside. The minimum monthly balance required to avoid a service fee is set forth inside. For dividend bearing accounts, dividends are calculated by the average daily balance. The average daily balance is determined by adding the full amount of principal in the account for each day of the month and dividing that figure by the number of the days in the month.

6. Account Limitations

For Savings, Club, IRA Savings, IRA money management and regular money management accounts, you may make up to six (6) preauthorized, automatic, telephonic, audio response or PCCU Online Banking transfers to another account of yours or to a third party during any calendar month. If you exceed these limitations, your accounts may be subject to a fee or be closed. For Club accounts, you may make withdrawals in the first six (6) days of account opening without restriction. On or after October 31, your balance will be distributed to you. If you make withdrawals prior to that date, you will be charged \$5 per withdrawal.
